43 CFR 3600 – Mineral Materials

Negotiated Sale Permit Expired – Renewal Required

The County Canyon Negotiated Sale for mineral materials, specialty stone, at the County Canyon site expired on May 22, 2008. Sales of common-variety mineral materials, such as this type of specialty stone, are authorized for commercial for-profit organizations under 43 CFR §3600. Your Negotiated Sale site is located in section 25 of Township 12 South, Range 2½ West along the western edge of the East Tintic Mountains, in Juab County, Utah. The Bureau of Land Management (BLM) case file number for the County Canyon Negotiated Sale Permit is UTU-79462. Please refer to this number in future correspondence.

A member of the BLM Fillmore Field Office staff conducted a field inspection of the County Canyon operation on September 12, 2012. Active operations were in progress on the inspection date. Regular production reports have been filed for the site, as required by Federal regulations. Reclamation will be required when your company no longer needs use of mineral materials from the site.

If you wish to continue removal of specialty stone from the site, then the case file must be renewed and documents must be prepared in compliance with the National Environmental Policy Act (NEPA). You must also continue to file annual production reports. Please notify the BLM office in Fillmore, Utah of your intentions at:

Mr. Michael Gates
Fillmore Field Office
Bureau of Land Management
95 East 500 North
Fillmore, UT 84631

If you have any questions, please contact Duane Bays, BLM Fillmore Field Office Natural Resource Specialist, at 435-743-3115, or Jerry Mansfield, BLM Fillmore Field Office Geologist, at 435-743-3125.

Sincerely,

A handwritten signature in dark ink, appearing to read "Michael D. Gates", with a stylized flourish extending to the right.

Michael D. Gates
Field Manager
